KIT DAILEY JOINS EUA AS PUBLIC INFORMATION SPECIALIST

MILWAUKEE — Eppstein Uhen Architects (EUA) is pleased to welcome Kit Dailey as a Public Information Specialist in our Public Buildings Studio. Kit brings EUA more than 15 years of experience in the public communication field. Since 1998 she has guided school districts, technical colleges and other municipalities across several states to secure more than \$1 billion in needed funding.

Kit comes to EUA from Robert W. Baird.

EUA and Baird have a long-standing relationship and share many mutual clients. This transition will allow Kit to focus on meeting the needs of school and municipal clients in the earliest planning stages for facilities-related referenda.

Eppstein Uhen Architects has worked with more than 30 school districts in facilities planning phase, and to date the firm has helped pass more than 85% of those districts' referenda. With the addition of Kit's expertise, EUA hopes to help clients be even more successful moving forward.

"We are thrilled to have Kit on board," Public Buildings Studio Director Bruce Marne said. "Her expertise in strategic planning, consensus-building and communications works with our current team's referenda planning and design expertise to offer our clients a complete one-stop shop for referenda support."

Eppstein Uhen Architects, Inc. is a full-service, 102-year-old design firm best known for pairing inspired design with exceptional client service. More than 100 employees in Milwaukee and Madison are challenged to go beyond design by demonstrating a passionate commitment to the markets they serve, the community and their clients. The firm specializes in several distinct markets: public, education, health care, senior living, residential, industrial, corporate, retail, mixed use, master planning, and interior design.
