EPPSTEIN UHEN ARCHITECTS TO PROVIDE DESIGN SERVICES FOR ULINE'S NEW PLEASANT PRAIRIE CAMPUS

MILWAUKEE — Uline has selected Eppstein Uhen Architects (EUA) to provide architectural and interior design services for its new corporate headquarters and distribution center to be located in Pleasant Prairie, WI.

EUA is developing plans for Uline's 200,000-square-foot corporate offices, a building that will house sales, marketing, information technology, merchandising and finance professionals. The headquarters will include offices and support spaces such as conference rooms, training areas, fitness facilities, a data center and a cafeteria. The building will be master planned for a future addition that will allow it to double from its initial size. The 1-million-square-foot distribution center will consist of substantial warehouse space, shipping and receiving docks and office areas.

"We are thrilled to be working with Uline on creating a unique and flexible headquarters facility," EUA principal John Chapman said. "This facility will be wonderful for Uline employees, and its Wisconsin location is beneficial for the state as well."

EUA has worked on headquarters facilities for many corporate and industrial clients, including Acuity Insurance, Manpower International, GE Healthcare, Northwestern Mutual, S.C. Johnson, Time Warner Cable and the Kohler Company, among many others.

Uline is the leading distributor of shipping, industrial and packaging materials to businesses throughout the United States. With more than 2,000 employees nationwide, Uline has distribution centers located near Chicago, IL, Minneapolis, MN, Allentown, PA, Los Angeles, CA, Atlanta, GA, Dallas, TX and Tijuana, Mexico.

###

Eppstein Uhen Architects is a 101-year-old, full-service design firm best known for pairing inspired design with exceptional client service. More than 140 employees in Milwaukee and Madison are challenged to go beyond design by demonstrating unparalleled commitment to the markets they serve, the community, and their clients. The award-winning firm specializes in several distinct markets: corporate office, educational, retail/mixed-use, senior living, healthcare, residential, public, industrial, master planning, and interior design.
